

Q1: HBOX with Label, ComboBox, and Gridpane (for all coaches or only applicable ones) consisting of arranged Labels with results once user makes selection.

Q3: HBOX with Label, ComboBox, and Gridpane (for conference choice by user) consisting of arranged Labels with results once user makes selection.

Q2: BorderPane. Top is HBOX with Label and ComboBox. Middle in first row below top is HBOX with Label, followed by a Gridpane consisting of arranged Labels with results once user makes selection. Below that row is another HBOX with Label, followed by three more HBOXs with Labels under that. Finally, on bottom is a Gridpane consisting of arranged Labels with results autogenerated simultaneously when the initial results were generated.
